The University of Bridgeport proudly presents:

An innovative and exciting workshop presented by internationally renowned speaker Antonio Stecco, MD from the University of Padova, Italy:

**Clinical Significance of Fascia**

**Histological and Anatomical Characteristics of the Human Fascial System**

**Cadaver Dissection and Ultrasound Imaging in Living Tissue**

**WORKSHOP OUTLINE**

- Anatomy of the deep and superficial fascia: histology, innervation
- Physiology of fascia: layers and continuity
- Pathology of fascia
- Imaging of fascia: MRI, CAT scan and ultrasonography;
- Layer by layer fascial dissection of the embalmed cadaver
- Compare the cadaver dissection with sonograms of the same regions in a living subject

For the Schedule and detailed course description please click here.

**PRESENTER**

Antonio Stecco MD, University of Padova, Padova, Italy
